

Books Between Kids collects gently-used books from the community throughout the school year. The donated books are sorted, inventoried and boxed by volunteers in our warehouse.

The books are delivered to selected Houston ISD schools that then hold a Book celebration for each child in the school to choose 6 books apiece. These books are for the children to take home and keep for their own.

We are a non-profit organization established in 2012.

Our mission is to serve Houston's at-risk children by providing them with books to build their own home libraries.

5 years and counting!

How You Can Help

1,000,000 books

42,000 kids

33 zip codes

6 books each

Making an Impact!

We accept gently used children's books appropriate for Pre-K through 5th grade readers.

You can make a donation to help cover operational costs such as rent and utilities, boxes and supplies. By contributing towards these expenses, you allow us to focus on gathering books and getting them to the children who so desperately need them.

Volunteer at our warehouse to help sort books in preparation for delivery to recipient schools.
